# Evaluation form - Internship at TAF- The Animal Fund

Name: Jenna Ahmed

University: Sciences Po Paris

Period of Internship: September to May

Hours of Internship : 60

Tasks given : School Visits, Research Reports, TAF events

Tasks completed : World Rowing Competition Monaco Event, Whale Watching Report, ESG Shipping Report, IU Event, School Visits

What did you like the most about your internship: I really enjoyed attending events with Berit, and learning from her and her experience in environmental activism.

Did your internship live up to your expectations?

Yes! I think it was a little difficult to be civically engaged given the french barrier, but I enjoyed all of the work I did.

Can you recommend others to apply to TAF? Yes. I think it  great use of our independent project at Sciences Po

Which skills did you learn?
I developed my research skills through our various reports. I learned, In french at times, to communicate with the public about our oceans and marine wildlife .

Can your internship and what you learned be of use for you in the future?  Yes, research and civic interactions will be useful for what's next.
